

## **New Media Workshop Leader/Content Developer**

TUMO Center for Creative Technologies is looking for a New Media specialist to join the Educational Content Development team to lead New Media workshops, create content and design educational material for TUMO's students across all our centers, working year-round to develop and fine-tune the educational curriculum at TUMO.

### **Duties and Responsibilities**

- Design and lead New Media workshops for TUMO's students.
- Work in Yerevan but travel to other TUMO's locations at least twice a year for month-long workshops
- Develop students' skills through designing educational material for student self-learning.
- Collect and evaluate students' results at the completion of every workshop and store them for their portfolios
- Examine students' self-learning results and provide daily feedback to them
- Other duties may be assigned

### **Education and Experience**

- University Degree related to New Media or an affiliated field from a leading institution of higher learning and in-depth knowledge of the subject
- Work experience in the specified field is a plus
- Experience in education and ability to work with teenagers is a plus
- Excellent communication skills and public speaking ability
- Software knowledge: Word Processing software (Google Docs preferred)
- Language: Armenian (required), English (preferred)

CENTER FOR CREATIVE TECHNOLOGIES
