Web Development Workshop Leader/Content Developer

TUMO Center for Creative Technologies is looking for a Web Development specialist to join the Educational Content Development team to lead Web Development workshops, create content and design educational material for TUMO's students across all our centers, working year-round to develop and fine-tune the educational curriculum at TUMO.

Duties and Responsibilities

- Design and lead Web Development workshops for TUMO's students.
- Work in Yerevan but travel to other Tumo locations at least twice a year for month-long workshops
- Develop students' skills through designing educational material for student self-learning.
- Collect and evaluate students' results at the completion of every workshop and store them for their portfolios
- Examine students' self-learning results and provide daily feedback to them
- Other duties may be assigned

Education and Experience

- University Degree related to Web Development or an affiliated field from a leading institution of higher learning and in-depth knowledge of the subject
- Work experience in the specified field is a plus
- Experience in education and ability to work with teenagers is a plus
- Excellent communication skills and public speaking ability
- Software knowledge: Microsoft Visual Studio, Sublime Text (or similar IDE or code editor)
- Language: Armenian (required), English (preferred)
- Strong research skills
- Ability to work independently and part of a team
- Ability to maintain deadlines and ensure high productivity

Application procedure:

Interested candidates should submit a resume and by email to: jobs@tumo.org by the deadline. In the subject line of your email, please mention "**Web Development Workshop Leader/Content Developer**". Only short-listed candidates will be notified.

Application deadline
