

Web Development Workshop Leader/Content Developer

TUMO Center for Creative Technologies is looking for a Web Development specialist to join the Educational Content Development team to lead Web Development workshops, create content and design educational material for TUMO students across all our centers, working year-round to develop and fine-tune the educational curriculum at TUMO.

Duties and Responsibilities

- Design and lead Web Development workshops for TUMO students
- Work in Yerevan but travel to other TUMO locations several times a year for month-long workshops
- Develop students' skills through designing educational material for student self-learning
- Collect and evaluate students' results at the completion of every workshop and store them for their portfolios
- Examine students' self-learning results and provide daily feedback to them
- Other duties may be assigned

Education and Experience

- 2+ years of experience as a PHP developer
- Solid knowledge and experience of object-oriented programming in PHP
- Solid knowledge and experience with SQL
- Experience with PHP development using RDBMs such as MySQL
- Must have front end development experience using HTML, CSS and JavaScript
- Experience using open source CMS platforms (WordPress, Drupal, Joomla, etc.)
- Must have experience working with APIs
- Experience using version control (GIT)

Application procedure:

Interested candidates should submit a resume and by email to jobs@tumo.org. In the subject line of your email, please mention "**Web Development Workshop Leader/Content Developer.**" Only short-listed candidates will be notified
